Child Appeal Scoring System

UK: Something Different Wholesale Ltd, Upper Fforest Way, Enterprise Park, Swansea, SA6 8PJ
EU : Something Different Wholesale Ltd, Posthoornstraat 11,3011WD Rotterdam NETHERLANDS

Item Code :	AV_20927	Date:	08/01/2026
Product Name :	Santorini Ceramic Oil Burner and Wax Warmer (18/36)	Reviewed By:	SG

The Child Appeal Scoring System (CASS) is a structured framework designed to assess the extent to which a product is likely to attract and engage children. In an environment where children are frequently exposed to a wide range of consumer products. It is increasingly important to evaluate not only the safety and compliance of these products but also their degree of child-directed appeal. Using the following score system, evaluate the product design for further risk analysis.

1(Low Appeal) – unlikely to engage children, mainly adult-focused.
2(Moderate Appeal) – contains some features that may attract children, but not intentionally child-directed.
3(High Appeal) – intentionally designed to be attractive to children.
4 (Very High Appeal) – strongly child-focused, with multiple overlapping features.

This scoring provides a clear benchmark for comparisons between products and across industries.

Visual Appeal: Assess the product design between 0-3 on the following criteria to evaulate the designs appeal and targeted audience.

Caterogry	Critera	Score Range	Score Given
Visual Appeal	Colours (bright, saturated)	0-3	0
	Characters (cartoons, mascots)	0-3	0
	Design simplicity (bold shapes, fonts)	0-3	1
	Animation/Movement	0-3	0
	Novelty/Whimsy (fantasy, humour)	0-3	0

Sensory Elements: Assess the product design between 0–3 on the following criteria to evaulate the designs appeal and targeted audience.

Caterogry	Critera	Score Range	Score Given
Sensory Elements	Sounds/Music	0-3	0
	Textures/Materials	0-3	0
	Interactivity (buttons,lights,haptics)	0-3	0
	Collectability	0-3	0

Functional Design: Assess the product design between 0–3 on the following criteria to evaulate the designs appeal and targeted audience.

Caterogry	Critera	Score Range	Score Given
Functional Design	Ease of Use	0-3	0
	Size & Ergonomics	0-3	0
	Durability & Safety	0-3	1

Psychological & Social Appeal: Assess the product design between 0–3 on the following criteria to evaulate the designs appeal and targeted audience.

Caterogry	Critera	Score Range	Score Given
Psychological & Social Appeal	Rewards & Feedback	0-3	0
	Storytelling/Imagination	0-3	0
	Peer Influence	0-3	0
	Media Tie-ins	0-3	0

Marketing & Placement: Assess the product design between 0–3 on the following criteria to evaulate the designs appeal and targeted audience.

Caterogry	Critera	Score Range	Score Given
Marketing & Placement	Age Targeting	0–3	0
	Advertising Context	0–3	0
	Packaging Language/Imagery	0–3	0

Child Appeal Score Indicator
0–15 = Low child appeal (primarily adult-focused product).
16–30 = Moderate child appeal (some child-friendly elements, but not primarily for kids).
31–45 = High child appeal (likely designed with children in mind).
46–57 = Very high child appeal (strongly targeted to children).

Overall Score : 2

I confirm that the assessment conducted under the Child Appeal Scoring System (CASS) has been completed to the best of my knowledge and ability.The scores recorded in this assessment are a true and accurate reflection of the product, service, or communication reviewed at the time of evaluation. The scoring has been carried out using the standardised CASS framework, with due care, impartiality, and adherence to the defined criteria. No material information has been knowingly omitted or misrepresented in the completion of this assessment. The conclusions reached are based on the evidence available and are intended to provide a transparent and consistent measure of child-directed appeal. This document may be relied upon for internal review, regulatory compliance, or external reporting purposes, subject to the limitations of the CASS methodology.

REACH SVHC & Proposition 65 Declaration

REACH1 regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals, states in Article 33 that any supplier of an article containing a substance being included in the REACH Candidate List of Substances of Very High Concern for authorisation ('Candidate List of SVHC') in a concentration above 0.1 % weight by weight (w/w), shall provide the recipient, respectively the consumer of the article, with relevant information.

California Proposition 652 officially known as the Safe Drinking Water and Toxic Enforcement Act of 1986, aims to protect the state of California drinking water sources from being contaminated with chemicals known to cause cancer, birth defects or other reproductive harm, and requires businesses to inform Californians about exposures to such chemicals.

External Testing and Validation All textile products are sample tested by an accredited external laboratory to ensure compliance with REACH and Proposition 65 requirements. As these are articles under REACH definition, no Safety Data Sheet (SDS) is required.
